To Whom It May Concern:

Please be advised that Dr. Gary M. Eisenberg has been an excellent child psychologist in the Boca Raton community for over 30 years.

It has been my privilege to refer to him for most of those years. He is uniquely insightful for our children who have issues such as Learning Disabilities, Autism, ADHD or just plain old stress.

I would consider him a central resource in our community. I would urge you to open your panel to his services.

Very truly yours,

Alberto Luchtan M.D.
