Re: Gary Eisenberg PhD

Dear Colleague,

I am happy to write this letter of affirmation and recommendation on behalf of Dr Gary Eisenberg. He has been our "go-to" child psychologist, providing psychological, educational and behavioral care in Boca Raton for 30 years. I have known him professionally for 28 years. He has been my primary referral resource for our patients in an area of Florida that is highly competitive and somewhat saturated with many excellent clinical psychologists. The reason for my trust is that he is cautious, methodical, and thorough in his evaluations. He has been historically on target diagnostically. He gives thoughtful and practical recommendations for the benefit of his patients, even when said recommendations are difficult for the parents to hear. Gary is always available to speak on the phone and seems to enjoy collaborating with his medical colleagues. I recommend him highly and without reservation.

Should you have any questions or concerns please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink that reads "Paul Christakis". The signature is written in a cursive, flowing style.
